

Vacancy Senior SAS BI/DI Consultant

As a BI/DI consultant at OCS Consulting you will work on projects for our clients. The work encompasses mainly: analysis, design (functional and technical), development and finally handover to the client of a BI/DI solution. As an experienced BI/DI consultant you are the clients' first point of contact with OCS Consulting. Assignments vary in length from several weeks to several months. As a SAS reseller in the midmarket, OCS Consulting also offers the possibility to be the expert and to teach the basic principles of SAS to these clients.

You have an entrepreneurial personality and want to contribute to the ambitious goals of our fast growing organisation. You are an experienced BI/DI consultant with knowledge of the SAS technology and want to execute assignments both independently and in project teams. You understand the importance of timely delivering the right quality and understand the necessity of documentation.

Successful candidates will have:

- A Bachelor or Master degree in computer science, mathematics, engineering or economics.
- At least 7 years of experience in IT, of which 5 years with the SAS technology.
- Knowledge of one or more of the following tools: Oracle (Db, OWB), SAP, Business Objects, Cognos is preferable.
- An analytical, creative, problem solving and entrepreneurial personality.
- A team player mind set, are pro-active and confident.
- 5 or more years of experience in building and designing BI or DI applications and see this as a continued challenge.
- A 'drive' to deliver high quality solutions.
- Full professional proficiency in the English language, both spoken and written.

During your assignments, it is essential to be able to translate functional requirements into technical solutions. This requires social and communication skills, as well as industry expertise and client orientated mind set. You have an understanding of and experience within the fields of banking, insurance, government and/or telco. Knowledge of and experience with one or more SAS solutions is preferable.

What do we offer?

Above all we offer you the chance to work with the leading organisations in their industry. To ensure you are well equipped for the task, we offer you the required training and exposure to experienced and motivated colleagues who can teach you the tricks of the trade. Naturally we offer a position with excellent conditions.

OCS Consulting is an IT consultancy located in 's-Hertogenbosch. We specialise in the use of SAS software operating mainly in the Finance, Retail, Life Science and Government industry.

We continuously invest in the quality, flexibility and creativity of our business and our people. This allows us to contribute to the success of our customers. With our extensive experience and expertise we are able to be the difference and support our customers in getting the most value from their investment in SAS software.

Characteristic for the way we work is our creativity that allows us to do more with the available resources.
