

Vacancy Junior SAS Consultant

As a Junior SAS Consultant at OCS Consulting, you are going to learn how to be responsible for design, development and maintenance of Data Integration, -Quality and -Governance procedures at our clients. You will be assigned to current or new projects at our clients, where the accessibility of the strategic business information is the main focus. Assignments vary in length from several weeks to several months and vary from small data to big data. As a SAS reseller, OCS Consulting also offers the possibility to be the expert and to teach the basic principles of SAS to these clients.

You will have an entrepreneurial personality and want to contribute to the ambitious goals of our fast growing organisation. You will execute assignments in project teams to understand the importance of timely delivery of the right quality and understand the necessity of documentation. During your assignments you will learn how to translate functional requirements into technical solutions. This requires social and communication skills and a client orientated mind set.

Successful candidates will have:

- A Master degree in either computer science, mathematics, engineering, economics, information management, business intelligence.
- You have experience in and a passion for IT
- You have a special interest in the various aspects of data, information technology, business processes and IT.
- An analytical, creative, problem solving and entrepreneurial personality.
- A team player mind set, are pro-active and confident.
- A 'drive' to deliver high quality solutions.
- Full professional proficiency in the English language, both spoken and written.

What do we offer?

Above all we offer you the chance to work with the leading organisations in their industry. To ensure you are well equipped for the task, we offer you the initial training to get acquainted with the SAS Software Suite. This initial training will be based on a custom training plan, which assists you in developing your career. We see this training as an ongoing activity. Secondly we offer you the exposure to experienced and motivated colleagues who can teach you the tricks of the trade. Naturally we offer a position with excellent conditions.

OCS Consulting is an IT consultancy located in 's-Hertogenbosch. We specialise in the use of SAS software operating mainly in the Life Science, Finance, Retail and Government industry.

We continuously invest in the quality, flexibility and creativity of our business and our people. This allows us to contribute to the success of our customers. With our extensive experience and expertise we are able to be the difference and support our customers in getting the most value from their investment in SAS software.

Characteristic for the way we work is our creativity that allows us to do more with the available resources.

Send applications to recruitment.nl@ocs-consulting.com for the attention of Marlies Nering Bögel. Call +31 (0)73 523 6000 for more information.
