Are you an outstanding SAS Professional?

Senior SAS Developer

OCS Consulting is a successful IT Consultancy looking to recruit a permanent Senior SAS Developer who is passionate about their career and experienced in delivering excellent solutions. As a Senior SAS developer you will join existing teams undertaking a variety of interesting client projects. Next to the role of Senior SAS developer you may be requested to undertake the role of technical team lead or perform the role of quality assurance.

Activities are undertaken at the clients' offices or at OCS' office in 's-Hertogenbosch, the Netherlands. A combination of both is possible—always in agreement with the client. As a Senior SAS Developer you have sound knowledge of the SAS programming language. You know what it means to work in a standardised environment and are aware of the importance of quality. You are able to deliver within the expected timeframe. Furthermore you know how to adapt to your working environment: formal when required, informal when possible.

The successful Senior SAS Developer will have:
- A Bachelor or Master degree in IT or sufficient experience with IT.
- At least five years of experience with the SAS programming language.
- A good understanding of business processes and information flows.
- The capacity to act as a (technical) team lead.
- Full professional proficiency in the English language, both spoken and written.
- An enthusiastic and motivated personality.
- An independent and pro-active attitude.

In return we offer:
Above all we offer you the chance to work with the leading organisations in their industry. To ensure you are well equipped for the task, we offer you the required training and exposure to experienced and motivated colleagues to exchange knowledge. We offer:
- A fulltime permanent position
- Salary range: €45.000 - €65.000
- 28 Holidays and holiday pay (8%)
- Company pension scheme
- Comprehensive secondary benefits package

OCS Consulting is an IT consultancy located in 's-Hertogenbosch. We specialise in the use of SAS software operating mainly in the Life Science, Finance, Retail and Government industry.

We continuously invest in the quality, flexibility and creativity of our company and our people so that we continue to contribute to the success of our clients. The breadth and depth of our team's experience and expertise ensures we are uniquely qualified to make a difference and help our clients to maximise their investment in SAS software.

Key for the way we work is our creativity that allows us to do more with the available resources.

Send your application to recruitment.nl@ocs-consulting.com for the attention of Marlies Nering Bögel. Call +31 (0)73 523 6000 for more information.
