

Are you an outstanding SAS Professional?

SAS Technical Consultant

OCS Consulting is a successful IT Consultancy looking to recruit a permanent SAS Technical Consultant who is responsible for installing, configuring and maintaining the SAS Intelligence Platform for our clients. With clients in industries such as Finance, Retail, Life Science and Government you will meet a variety of people in different areas of the business. A pro-active approach, a good presentation and excellent communication skills are therefore essential.

SAS Institute offers a wide range of applications for data analysis, reporting and data warehousing in a client/server environment. Since SAS installations vary from a single machine installation to implementations using complete server parks on various operating systems, a good understanding of infrastructure, a talent for installing and configuring software and excellent trouble shooting skills are key.

You are motivated and passionate about setting up (complex) environments. You are aware of the importance of timely delivering the expected quality and understand the necessity of documentation.

The successful SAS Technical Consultant will have:

- A Bachelor or Master degree with an IT-related specialisation.
- Professional or personal experience with the installation, configuration and maintenance of computer systems and applications.
- Experience with various operating systems.
- A pragmatic, structured, problem solving and client orientated mind set.
- Full professional proficiency in the English language, both spoken and written.
- An enthusiastic and motivated personality and an independent and pro-active attitude.
- Relevant certifications or the willingness to obtain these.
- Experience with software of the SAS Institute is required.

What do we offer?

Above all we offer you the chance to work with the leading organisations in their industry. To ensure you are well equipped for the task, we offer you the required training and exposure to experienced and motivated colleagues to exchange knowledge. We offer:

- A fulltime permanent position
- Salary range: €45.000 - €65.000
- 28 Holidays and holiday pay (8%)
- Company pension scheme
- Comprehensive secondary benefits package

OCS Consulting is an IT consultancy located in 's-Hertogenbosch. We specialise in the use of SAS software operating mainly in the Life Science, Finance, Retail and Government industry.

We continuously invest in the quality, flexibility and creativity of our company and our people so that we continue to contribute to the success of our clients. The breadth and depth of our team's experience and expertise ensures we are uniquely qualified to make a difference and help our clients to maximise their investment in SAS software.

Key for the way we work is our creativity that allows us to do more with the available resources.
