

Vacancy Team Lead Biometric Support

OCS Consulting is a successful IT Consultancy looking to recruit a permanent Team Lead Biometric Support. In this leadership position you will manage all operational aspects of SAS statistical programming, biostatistics and data management. You will be a strong lead/manager dedicated to the business unit with responsibility to project resourcing and supervise the team as well as address escalated issues, performance issues, performance and assignments, training and administrative issues. In your function as Team Lead you will execute both project management and resource allocation activities as well as hands-on project delivery activities.

You are a good communicator, self-going, critical, a team-player, a logical thinker, innovative and an effective problem solver. You have the ability to develop business both inside and outside your existing network. You're looking for a company where you have the opportunity to pursue your interests across functions and geographies.

The successful Team Lead Biometric Support will have:

- A Bachelor or Master degree in the field of computer or medical science
- 10+ years of clinical research and drug development experience
- Experience in overall resource planning and in managing statistical programmers, biostatisticians and data managers
- Direct line management experience:
 - Project management experience with some measurable amount supporting biometrics work
 - Ability to handle large volume of complex tasks with minimal or no input from management
 - Ability to handle ad-hoc requests with minimal guidance
 - Ability to recognise when negotiating skills are needed and to seek assistance when necessary
- Full professional proficiency in the English language, both spoken and written
- An enthusiastic and motivated personality and an independent and pro-active attitude

What do we offer?

Our employees are vital to our success and we aim to attract the best people who will stay and grow with us. In return you will be rewarded with the chance to work with the leading organisations in their industry. You will receive an attractive salary package reflecting your expertise, including benefits such as a car/travel allowance, 28 holidays and holiday pay (8%), and participation in the company pension scheme.

OCS Consulting is an IT consultancy located in 's-Hertogenbosch. We specialise in the use of SAS software operating mainly in the Finance, Retail, Life Science and Government industry.

We continuously invest in the quality, flexibility and creativity of our company and our people so that we continue to contribute to the success of our clients. The breadth and depth of our team's experience and expertise ensures we are uniquely qualified to make a difference and help our clients to maximise their investment in SAS software.

Key for the way we work is our creativity that allows us to do more with the available resources.
